

DP300™ Series

Digital Mailing System

The DP300™ Series Digital Mailing System Uses IntelliLink® Technology to Simplify Operation And to Increase Productivity

Businesses today depend on productive processes to function effectively. The DP300™ Series Digital Mailing System provides a compact and complete solution. It's an integrated mailing system that gives you the big system capability that makes mail processing as productive as possible... all in a compact footprint that fits where space is at a premium.

The DP300™ Series IntelliLink® Technology Simplifies Mailing

Our cutting-edge IntelliLink® Technology is the gateway to new levels of productivity and makes the DP300™ system easier to use and more efficient. Plus, you can gain access to a suite of services that includes downloadable features, ad graphics, and postal rate and software upgrades. This ensures that your system stays current and operates at maximum efficiency.

The DP300™ Series Offers you Convenient And Productive Features

> **User-Friendly Control Centre**

- You'll learn to use the DP300™ system in only minutes. It takes you through every processing step, with an expanded 7-line graphics display.
- Dedicated functions, labeled keys and QWERTY keyboard ensure faster processing.

> **Internal Rating Function**

- Select the most effective and economical postage rate.

> **Saves you Valuable Time**

- Access postage replenishment online, 24/7.

> **Tapes Add Versatility and Speed**

- Auto feed up to 50 strip tapes.

> **Auto-Dating Eliminates Returned Mail Due to Misdating**

- An internal clock advances the date automatically. Operators can advance the date to get a jump on processing tomorrow's mail.

> **Incoming Mail Dating**

- Time-and-date stamp capability tracks your incoming mail.

The DP300™ Series Digital Mailing System Increases the Speed, Ease and Productivity of Mail Processing

> **Handle Rate Changes Easily**

- IntelliLink® technology allows postage rate changes to occur with a simple download.

> **Digital Technology Is your gateway To the Future**

- Its digital indicia satisfies all current postal regulations, and the technology's flexibility makes the DP300™ system adaptable for the future.

> **Accounting Capability**

- It's crucial for businesses to keep track of postage expenses. With the Accounting option you can track 25, 100 or 300 accounts. Also, data can be printed or exported to a PC.

Advertise

> **Transform your Mail Pieces Into Eye-catching Communications**

- Advertise your business on every mail piece to build your professional image.
- The DP300™ system comes with 11 standard envelope ads.
- Download additional ads via modem right into the IntelliLink™ Control Centre.
